

## FACTS ABOUT NEPAL

Approximately 85% of Nepal's 28 million people are engaged in agricultural production and have minimal access to health and social services.

In such circumstances orphans and children who lack their mother's or father's care find themselves in a critical situation. Around ten percent of Nepalese children do not reach the age of five due to various illnesses often combined with malnutrition.

Nepal's high population growth rate of 1,35% per year on one hand combined with a high maternal mortality rate on the other, produces a growing number of children without proper care and support.

"CFO-Nepal" helps and supports children affected by these circumstances.

## SPONSORSHIP

A **SPONSORSHIP** of USD 790 or Euro 600 covers the living and schooling costs of a child at "CFO-Nepal" for an entire

year. It includes costs for the child's nutrition, clothing, support by caretakers and expenses for school fees and school items. The sponsor receives regular reports of the child's activities and growth.

## DONATION STATEMENT

- I support the CFO-Children's Village-Building-Project with a **DONATION** of USD \_\_\_\_\_ or € \_\_\_\_\_
  
- I agree to the **SPONSORSHIP** of a child at "CFO-Nepal" with USD 790 or € 600 per year
  
- I agree to **SUPPORT** "CFO-Nepal" with an annual pledge of USD \_\_\_\_\_ or € \_\_\_\_\_

## NEPAL AND HER CHILDREN

Nepal is a tiny Himalayan country sandwiched between China and India. Home to Mt. Everest Nepal is famous for her beauty and hospitable people. The country attracts many visitors from all over the world.

“Children are the pillars of the nation”, according to a Nepali quotation. However, there are many difficulties for Nepalese children to face.

Traditionally, the extended family has been the support system for children who have lost one or both parents. The unstable political scenario in the past two decades has had a great impact on Nepal's economic development and the disadvantaged segments of society in particular.

Hence, the societal changes are breaking down the traditional family and community network. Many family heads were lost during the armed conflict. Many other male family members migrate to neighboring countries in search of work leaving much of the responsibility to raise children and tend to the farm work on the shoulders of the women and elderly.

## CHILDREN'S FUTURE ORGANIZATION

### CFO-NEPAL

The registered nonprofit “Children's Future Organization”, founded in 2003, is located in the capital city of Nepal, Kathmandu, and has a branch in the District of Dhading.

The Co-Founders are a Nepalese citizen with extensive experience in Social Work, and CFO-Friends from various Western countries. All together 107 children are part of our CFO family as of March 2013. The CFO-Children's Home was established on the periphery of Kathmandu to provide a healthy environment and a school just around the corner.

Last summer a dream has become reality and 63 CFO-children, age 6 to 17 years, have moved to the newly built CFO-Children's Village, 85 km/53 miles west of Kathmandu in the District of Dhading.

Now we are faced with the daunting task of raising funds to complete and expand the undertaking so that

[www.cfonepal.org.np](http://www.cfonepal.org.np)

project-sustainability is guaranteed at some point in near future.

### GOALS AND TARGETS

The purpose of the CFO-Project is to bring improvement into disadvantaged children's lives and to equip them with knowledge and skills for a better future.

CFO provides conditions that are similar to life in a loving family environment and offers opportunities for quality education.

The children stay with the big CFO-family until they complete education and until they are able to make their living on their own.

### YOUR SUPPORT

The activities of “CFO-Nepal” are mainly financed by overseas **DONATIONS** and through individual **CHILD'S SPONSORSHIPS**.

The organization is very much dependent on income through these both sources especially during the years of construction and development of our new CFO-Children's Village in rural Dhading.
